

Quality Policy Statement

The Executive Management and all personnel of Industrial Water Jetting Systems Ltd are fully committed to a comprehensive and developing policy of assuring the supply of quality processes, and services, in accordance with the company's organisational goals and the expectations, and needs, of all clients in all spheres of the company's activities and operations. The company maintains a strategy to expand by organic expansion and through acquisition, to further the reach of the company, and to create greater job stability for its employees.

The Directors and Senior Management accept the total responsibility for the provision of qualified and experienced management, personnel and skilled craftsmen, suitable resources, documented working practices and procedures to ensure all contract commitments are both efficiently and effectively expedited and achieved.

The company's Quality Assurance System is "approved and certified" to ISO 9001, which is subject to continuing internal and external assessment and surveillance by third party UKAS approved body National Quality Assurance Limited (NQA).

To ensure the working effectiveness of the company's Quality System, the Directors have appointed an ISO Manager (currently the SHEQ Director) who has responsibility for the continuity of the Integrated Management System including the continual review of company policies and procedures in line with our current business activities to ensure full compliance with the International Standard for Quality and other Management Systems.

The company's Quality Policy is a corporate statement regarding quality of product, goods, processes and services, which is totally supported by the Directors, all management and personnel within Industrial Water Jetting Systems Ltd.
